The new gift list launched by the boutique hotel offers wonderful experiences that can be purchased or contributed to by guests. Choose from novel touches like having the couple's names written in fireworks; Anydan dancers and drummers on arrival, or a flower decorated veranda. Each gift will make a wonderful memory for the happy couple. [www.reefvilla.com](http://www.reefvilla.com).

## Up close and personal

Calling all wildlife enthusiasts for an authentic Safari experience at Jongomero camp, located in the remote Ruaha National Park in Tanzania. Ruaha offers the ultimate off-the-beaten-track experience. Ruaha possesses one of the greatest populations of elephant in any African park and the dry open landscape encourages buffalo to gather in large herds as well as giraffe, zebra, lion and leopard. Guests stay in large secure tented suites, on raised wooden platforms and as the camp itself is not fenced and the animals are free to pass through as they please, you will get to see and hear them in close quarters.
