**Hidden Beaches hotels with a difference**

Dear Traveller,

I always aim to try something new when visiting a destination, so dining at the base of a waterfall at The Sarojin in Thailand was definitely something I hadn't experienced before, and a particularly memorable meal to say the least.

Our specialists are always on the lookout for hotels that make your stay there truly unique and our hand-picked collection of Hidden Beaches hotels are testament to this. Here we've selected [six of our favourite beach resorts with a difference.](#)

Best wishes,

Craig Burkinshaw,
