PATHWAYS SPA

PATHWAYS

Pathways blends together the ancient physical and spiritual healing of spa, creating an almost sacred harmony for physical and spiritual nourishment.

Massage in Thailand is described as an act of “Metta”, this is a Sanskrit Buddhist term used for an act of “loving kindness”. Thais believe all acts should be done with this feeling of “Metta”. The ancient and sacred belief of “Metta” gives life to the very heart of Pathways. The après spa area allows you as much time as you choose to relax quietly after treatments.

For centuries, Thai people and monks have used the natural healing properties of local herbs, trees, flowers and fruits to purify and rejuvenate their bodies & minds. The journey to purification of the spirit is achieved by combining these rich earthy ingredients into secret remedies passed down from generation to generation.

Pathways is privileged to have been able to preserve some of these traditions from the Ancient Kingdom of Thailand in a luxurious selection of natural body treatments for your enjoyment.

Treatments are specifically designed to combine the healing properties of natural local ingredients with “Metta” to enhance your feeling of wellness.

AROMATIC OILS

The essential oils used in treatments at Pathways are all made in Thailand and are 100% natural. We use sunflower oil as a base due to its natural healing properties.

Pathways has a choice of oils for you to experience during your body massage.
